### 2019 EXHIBIT OPPORTUNITIES

Safe Shelter of St. Vrain Valley takes great pleasure in inviting you to be part of an exceptional opportunity in bringing to light one of our community's most pervasive health and safety issues and in introducing the field's most advanced responses. As a sponsor of this event, you will have the **opportunity to highlight your business and establish your team as an active investor in the well-being of your community.**

**The Importance of This Topic:** Dating abuse and sexual assault is a serious public health crisis. Those who experience it are at a higher risk of mental health disorders including depression, anxiety and suicide ideation; and are more prone to engage in unhealthy and risky behaviors. One in three young people will experience dating abuse; almost ½ of college females and 1/3 of college males report either experiencing abuse or controlling behaviors from a dating partner. Over half of men and women physically or sexually abused or stalked by a dating partner first experienced abuse before the age of 24.

#### AUDIENCE PROFILE

By participating in the Symposium, exhibiting and sponsoring businesses will have direct access and visibility to 100-150 high school and college students; educators, community leaders; health professionals; service providers; and law enforcement/judicial personnel.
