

SAFE SHELTER SYMPOSIUM
ON DOMESTIC VIOLENCE

2020 EXHIBIT OPPORTUNITIES

Child Witnesses: Forever Changed, Not Forever Damaged

Friday, April 24, 2020 • Longmont, CO

Safe Shelter of St. Vrain Valley takes great pleasure in inviting you to be part of an exceptional opportunity in bringing to light one of our community's most pervasive health and safety issues and in introducing the field's most advanced responses. As a sponsor of this event you will have the **opportunity to showcase your business and establish your team as an active investor in the well-being of our community.**

The Importance of This Topic: Domestic violence is not a private matter; it is one of the most common, but underreported, crimes. While it is a crime, it is also a serious public health problem. Those who experience it are at a higher risk of mental health disorders, chronic diseases and infections. They lose employment due to illness and undergo disruptions in their lives. They're also more likely to die.

Each year in Boulder County alone, over 2,000 domestic violence (DV) related incidents are reported, or *over 5 per day*. Law enforcement officers in Longmont respond to 40% of Boulder County's DV calls—more than in any other municipality.

The Symposium's organizing committee has selected your business as one we would like to help showcase before regional, state, and local agency administrators, service providers, educators, health practitioners, educators, legal professionals, and community leaders. We have designed a flexible variety of exhibition and sponsorship options from which to select that will display your brand, match your budget, and demonstrate your support of the health and wellbeing of the community in which you do business.
